**ROUND 10** - A few bye's and a forfeit this week, but the teams that played had great games!

## U7 Rovers

This weekend the Rovers made the trek up to Capel to take on the Wolves, and once again put on a dominant display.

Teamwork has been a big focal point at training this season and once again the boys did everyone proud. Passing skills and footwork were on point. Defence was solid and goals plentiful. It's such a joy to watch how far the team has come this season and how much fun they are having each week.

Players of the Day went to Parker for his solid passing and sharing of the ball, and Toby for his skilful footwork and tackling. Both boys also contributed heavily to the score card with multiple goals each.

With thanks to LJ Soccer and Kingston Bakery

## U8 Strikers

The rain paused for the game played on our local field between the Strikers and the Wasps.

We witnessed a spirited display of teamwork between Miles and Arlo G, and excellent defence by Malakai.

Jahla stayed focused throughout and Sam scored the first goal. Arlo G deserved player of the day.

We would love to thank our generous sponsor: LJ Soccer.

## U8 Dragons

This weekend the Dragons were up against the Dunsborough Lightning and we were in for a real treat. The pitch was muddy and kids were slipping and sliding everywhere, covered in mud before the game had even begun! It made for very entertaining football for players and spectators alike.

Our visitors were down a few players, and when asked for volunteers from the Dragons to fill the gaps, two hands went straight up from Jake and John. This is wonderful sportsmanship and both players put in 100% to help out the Lightning.

The Dragons were clearly very goal hungry today, hitting the back of the net several times in spectacular fashion. The Lightning showed great fighting spirit right to the end, scoring a couple of great goals. However the cohesiveness of the Dragons strong attack and tight defence proved too hard to beat.

Player of the day was awarded to Jedd, for being so quick to volunteer to play for the opposing team today and still giving it his all. Jedd had some great runs down the line and made a big impact on the pitch. Thank you to Squid Lips Margaret River for the prize.

## U8 Dragons

## U10 Stars

The Stars had an amazing game with some great passing and set plays.

The smiles on their faces said it all.

Well done to Lachy who made some great saves today in goals and Olive who got her first goal.

## U10 Breakers

The Breakers were looking strong against the Duns Amigo's from the outset, and Banjo quickly scored the first goal. Not to be outdone, the Amigos put together a series of passes to score a goal in return. The Breakers worked hard to dominate the first half of the match.

The second half saw some sharp passing and team play from both sides with the Breakers increasing their lead by the end of the game.

POD went to Sienna who is improving in defense along with Will who was formidable in attack.

## U10 Jettz

The Jettz played a home game against the Vasse Kookaburras this week.

It was great teamwork by all playing against familiar faces.

Our player of the week was Floyd Smith, who has been consistently playing strong each week.

Thanks to our families you are the support behind the team, and also to our Club sponsors Two Cracks Coffee.

## U11 Stingrays

The shirts and socks certainly needed a soak after a muddy wet game in Margaret River!

The Stingrays played a good game with much of the play in their forward line.

Players of the day went to Louis and Bobby for their great goals.

Thanks Burger Baby and Two Cracks Coffee.
